Expanding your business across international borders can be seamless with the power of e-commerce. But the way to stable international growth requires repeatable systems and processes that take your company from selling to different countries to a global brand. What you need is a transnational strategy.

What is a Transnational Strategy?
The pandemic and the restrictions have also highlighted the transnational quality of the supply chain of goods and workforce, across the external borders of the EU, but also within it. What we hope – but it is a very optimistic view – is that this will lead to a structural rethinking of issues such as immigration and migration policies, but...
